

Did you know
Intra Hortifoam is
the **foam-activator** for
Intra Hydropure?

THE FOAMING INNOVATION THAT MAKES DISINFECTION VISIBLE

Intra Hydropure is the most eco-friendly disinfectant for your gutters, greenhouse, cultivation tables and equipment. In combination with Intra Hortifoam it is now possible to create a powerful foaming solution. Intra Hortifoam makes your disinfection visible and it prevents unnecessary runoffs. Intra Hortifoam is easy to use, pH independent and friendly for your equipment.

5 REASONS TO CHOOSE INTRA HORTIFOAM

- ✓ Saves up to 40% of disinfection agent and water
- ✓ Guaranteed long lasting micro-foam
- ✓ 100% surface coverage
- ✓ Prevent drip-off on vertical surfaces
- ✓ Leaves no negative vapours

Intra Hortifoam helps to
reduce fresh water use
with up to **40%**

40%

Intra Hortifoam
ADHERES to vertical
surfaces better and
increases contact time

The foam's creeping
ability makes it possible
to disinfect **HARD-TO-REACH** surfaces and
cracks

INTRA HORTIFOAM IS FULLY BIODEGRADABLE

Intra Hortifoam is part of our Intra
Hygiene programme which ensures optimal
biosecurity for **future proof growing**
